40 Reasons Why You Need To Take Salvage-A™

Born into a background that is vast in the art of herbal healing and having mastered the knowledge of medicinal herbs before proceeding for a medical career into the University of Nigeria, Dr. Chidi Ezeihu (M.B.B.S.) has created over 30 natural medicinal products for use in the health system. Based on over 20 years of clinical and scientific research, Dr. Chidi Ezeihu formulated Salvage-A™ and has discovered 40 reasons why you need to take Salvage-A™ on a daily basis.

- | | |
|--|---|
| 1. Longevity: | Salvage-A™ is an all-natural herbal cocktail that have useful plant antioxidants that protect vital body cells from the attack of free radicals. These antioxidants fight free radical induced damage to the cells and slow down the aging process. |
| 2. Increase your energy level and strength: | Salvage-A™ increases exercise tolerance, stamina, and endurance. |
| 3. Improve your complexion and remove age spots and wrinkles: | Salvage-A™ is an excellent health and beauty supplement. . Six months of continuous use will remove age spots almost completely especially noticeable in the fair skinned and white population. |
| 4. Look and feel younger: | Salvage-A™ stimulates the release of Human Growth Hormones (HGH) or somatotropin secreted by the anterior pituitary. Growth hormone acts via an intermediary substance somatomedin. It stimulates cell growth both for number and size. HGH benefits include reduction of body fat, better sleep, improved memory, accelerated healing, restored libido, and looking younger. |
| 5. Lower your blood pressure: | Uncontrolled blood pressure can lead to stroke, heart attack, heart failure, kidney failure, etc. In pilot |

	<p>studies Salvage-A™ has demonstrated that it may be useful to forestall some forms of high blood pressure.</p>
6. Support your immunity:	<p>Pilot studies done in the University of Nigeria Teaching Hospital and Salvage Research Clinic (Enugu) on HIV/AIDS patients; have shown that Salvage-A™ supplementation supports immunity. It supports increase in T-Cell Count, total white blood cells and platelet count.</p>
7. Supports Sinus health:	<p>Subjects with sinusitis have benefited from Salvage-A™ intake.</p>
8. Supports Liver Health:	<p>Extensive research with Salvage-A™ on HIV/AIDS patients having hepatitis, have shown that supplementation with Salvage-A™ has resulted in improved liver functions. Supplementation with Salvage-A™ in such patients has resulted in decreased liver enzyme activity including alkaline Phosphates, alanine transaminase and aspartate transaminase.</p>
9. Maintain Healthy Cholesterol Levels	<p>Supplementation with Salvage A results to lower Triglyceride level, and reduction in total cholesterol levels. This distinguishes the heart for optimal performance.</p>
10. Balance blood sugar and useful in Diabetes:	<p>It supports sugar metabolism by supporting the production of albumin. Albumin supports adiponection production, adiponection enhances glucose metabolism.</p>
11. Cleanse your colon:	<p>It supports bowel movements and forestalls constipation. Chronic constipation heralds the accumulation of toxins in the body. This could cause a number of illnesses and disease over time.</p>
12. Cleanse your kidney:	<p>Salvage-A™ intake increases glomerular filtration rate and elimination of toxins from the body. In some pilot study salvage A supplementation has enhanced the elimination of Caffeine from the</p>

<p>13. Improved Kidney function:</p>	<p>body. In pilot studies Salvage-A™ supplementation in renal patients on dialysis improved kidney function and reduced the number of dialysis from three times weekly to twice weekly.</p>
<p>14. Enhanced Libido and sexual function in Women:</p>	<p>Salvage A™ Contains plant sterols and these support the production of useful biochemical's including female sex hormones. This has resulted in improved sexual functions and break in frigidity in females.</p>
<p>15. Enhanced Erection in Men:</p>	<p>Salvage-A™ supports erection in the male and improvement in sexual performance. It increases functional testosterone level in males.</p>
<p>16. Improve your prostate health:</p>	<p>Improved prostate health is related to the level of functional testosterone level in the male. Salvage-A™ improves the functional testosterone levels in the body.</p>
<p>17. Improve your Sperm count:</p>	<p>Subjects have reported improvement in Sperm Count following Salvage-A™ Supplementation</p>
<p>18. Treat menopausal symptoms:</p>	<p>Menopausal and postmenopausal women hardly enjoy intercourse because of vulvae dryness. Salvage-A™ supplement has helped subjects to reverse this dryness and restore joy to women.</p>
<p>19. Lose Weight: Salvage-A™</p>	<p>Increase metabolism and fat breakdown to provide useful energy. Even without changes in diet subjects have lost up to 6 pounds per week on Salvage-A™. Besides supplementation with Salvage-A™ supports lower blood sugar and this is a key factor in</p>

	weight loss.
20. Get Quality Sleep:	Treats insomnia
21. Improve your vision:	The anti – oxidants in Salvage-A™ may support the reversal of macular degeneration of the eye. Subjects on Salvage A™ has reported improved vision. Salvage-A™ supplementation may help to forestall infections due to contact lens usage.
22. Supports healing of venous ulcers:	Salvage-A™ supplementation supports active skin regeneration to heal chronic ulcers.
23. Manage and Fight Cancer:	Salvage-A™ has been used in pilot studies for Non – Hodgkin’s lymphoma, Colorectal Carcinoma, secondaries in the liver, pancreatic Cancer with useful results. Salvage-A™ intake supports the production of T-cells, N-K cells, macrophages, and cytokines useful in fighting cancer.
24. Inhibit tumor growth:	Interleukin-2(IL-2) is an important cytokine (cell protein) that induces potent anti-tumor responses. Secreted by T-Cells, interleukin – 2 stimulates the growth of helper T-Cells and cytotoxicT-Cell. IL-2 is an immune promoting factor, used for some cancers and HIV infection. Salvage A has the ability to destroy tumor cells by stimulation IL-2 production.
25. Reduce the toxic effect of Radiation and Chemotherapy:	In one study in non-Hodgkin’s lymphoma (small cleaved cell type) Salvage-A™ herbal cocktail was shown to forestall the side effects of chemotherapy while enhancing the efficacy of cytotoxic drugs to treat lymphoma. Such side effects of chemotherapy as loss of hair (alopecia), loss of toe nails and finger nails, were forestalled using Salvage-A™ during chemotherapy.
26. It promotes the cure of Cancer enhancing efficacy of chemotherapy:	Chemotherapy destroys Cancer Cells as well as normal cells. Salvage-A™ anti – oxidant protects the normal body cells against the

attack by chemotherapy. Besides the cytokines and macrophages production enhanced by Salvage-A™ further enhances anti-tumor activity. Thirdly the support of production of key haemopoietic tissues Hemoglobin, white cell count, and platelets count enhance efficacy of chemotherapy. In one study a non-Hodgkin's lymphoma patient treated with chemotherapy without Salvage-A™ and also had chemotherapy alongside with Salvage-A™ had less side effects and faster anti-cancer response with Salvage-A a combination during chemotherapy

27. Build Healthy Blood:

Salvage-A™ support the production of hemoglobin and other hemopoietic tissues. It increases the red blood cells in number and size without inducing fragility of the red blood corpuscles as they pass through the capillaries. This results in increased rate of oxygen supply to the tissues. It rejuvenates the blood of the elderly. It supports increased red blood cell, platelet and white cell productions.

28. Improve your Lymphocyte Count and adaptive immunity:

Salvage A Supports the production and maturation of both T-cells and macrophages .T-cells are the coordinators of immune response. Macrophages are the major precursors of inter-leukin-12 (IL-12). IL-12 is the cytokine (cell protein) central in regulating adaptive immunity and haemopoiesis .

29. Strengthen your Heart:

Salvage A supplement supports the functions of heart muscles.

30. Improve your athletic performance for sure:

Salvage herbal supplement strengthens both your musculature and heart muscles. It also increases metabolism and enhances the rate

of generation of energy from glucose and fat metabolism. Thirdly Salvage-A™ supports the activity of autonomic nervous system. All these may explain why we have recorded improved athletic performance with this all natural plant product in pilot studies.

31. Reduce stress and absent mindedness:

Salvage A improves attention deficit in subjects, helps your mental focus and concentration.

32. Improves your memory and cognitive functions:

Plant sterol containing herbal supplements that increase metabolism may do so by supporting production of Thyroid Stimulating hormones and therefore increase T3/T4 thyroid hormones. Medical Studies have shown that T3 and T4 hormones supports maturation of brain cells. Salvage-A™ herbal supplement may support mental functions by enhancing maturation of brain cells.

33. Cheerful Attitude:

Supports good mood and cheerful attitude.

34. Control PMS:

Reduce Stress and tiredness associated with menstrual flow.

35. Improve your digestion:

we have documented increase in bile salt production (66.67% .) in subjects within 2 months of Salvage-A™ Supplementation. Bile Salts emulsify all kinds of lipids and are essential in the digestion of fat.

36. Support your hair growth and reverse grey hair:

Even in our testimonies you will notice that Salvage-A™ Supplementation supports hair growth and may reverse grey hair. All these reversal of graying may be related to the slowing down of the aging process by Salvage-A™ administration.

37. Supports Resistance to extreme cold environments:

Salvage-A™ herbal Supplement is thermogetic increases metabolism and heat generation in the body. Taking Salvage-A™ during bedtime in summer often results in night

sweats. Even in winter you may notice the same. Increased heat generation in the body as a result of Salvage-A™ supplementation helps subjects adapt to extreme cold condition. In pilot studies Salvage-A™ has helped people working in cold rooms to adapt more to the cold and stop the attendant Rhinorrhea (Running nose). It is a very essential supplements for every household during winter.

38. Decrease bad fat in the blood:

Salvage-A™ supplementation almost always reduces Triglyceride level in blood and is therefore a blood thinner.

39. Helps Your Skin:

Supports the healing of bad skin conditions like eczema and psoriasis. T-lymphocytes fight fungal, protozoal, viral, and cancer cells. Medical studies has proven that psoriasis is not only caused by staphylococcus infection, but is also due to mycobacterium Leprae. Salvage-A™ administration in pilot studies have reversed eczema and stopped the itching associated with psoriasis.

40. Enables your body utilize other vitamins and minerals more efficiently.

Salvage-A™ herbal supplementation increases HGH production, this in turn stimulates cell growth in number and size. Hemopoietic tissue multiplication is increased and these tissues induced to grow faster need vitamins and minerals for proper maturation and function. It is advisable to take other vitamins and minerals for optimal benefit during Salvage-A™ supplementation.
